DIALYSIS TECHNICIAN PROGRAM — TUITION

COURSE DESCRIPTION

Dialysis Technicians set up and run hemodialysis and peritoneal machines to provide dialysis treatment for patients with kidney failure. Some of the daily duties of a Dialysis Technician include monitoring patients' vital signs during treatment, the removing of waste, salt and extra fluids from the patient's blood while keeping safe levels of chemicals in the blood. Technicians help the nurse with other treatments under the physician. Also, at the end of the treatment the technician will break down and clean the dialysis machine.

The Dialysis Technician training program is up to 60 clock hours and up to 14 weeks.

Upon completion of the course, the student will receive a Certificate of Completion.

TOTAL (excluding unspecified exam fee)	$1,570.00

PAYMENT AND ENROLLMENT POLICIES

Price subject to change without notice: (any such changes will not affect currently enrolled students unless they agree to such changes in writing).

Under the law you have the right, among others, to pay the full amount due and to obtain under certain conditions a partial refund of financial charges if applicable. ELIM does not charge finance charges. However, a late fee (10%) will be added to all late payments.

Methods of payment: Cash, Money order, or cashier's check. Sorry, we do not accept personal checks, debit, or credit cards.

Please see your contract regarding payments and amount due on the first day of class or orientation. Books will be issued with the first payment. Also, a criminal background check must be done before class, and a physical exam must be started before clinical.

Supplies may be bought from ELIM, or you may find uniforms and other supplies at Wal-Mart. Please consult the yellow pages or the internet for a location near you.

The Bonet (NANTS) exam for Dialysis Technician is started after the student has worked in the field for 6–18 months. The cost of the exam is $250.00, which will be given to the student after the course is completed.
